In addition to our feature articles, this issue also includes reviews of the latest action figures, news from the toy industry, and much more. Whether you're a seasoned collector or just getting started, there's something for everyone in Action Figures Issue Eight.

## **Interview with Mark Taylor**

Mark Taylor is one of the most respected and successful toy designers in the world. He has worked on some of the most iconic action figures of all time, including He-Man, ThunderCats, and Teenage Mutant Ninja Turtles. In this interview, Taylor talks about his career, his influences, and his thoughts on the future of the toy industry.

Taylor was born in England in 1954. He began his career in the toy industry in the early 1980s, working for a company called Palitoy. In 1983, he moved to Mattel, where he worked on the He-Man and ThunderCats lines. In 1988, he left Mattel to start his own design studio, Taylor Toys. Since then, he has worked on a wide variety of toy lines, including Teenage Mutant Ninja Turtles, Power Rangers, and Star Wars.

Taylor is known for his innovative designs and his attention to detail. His action figures are often praised for their articulation, their sculpt, and their overall playability. He is also known for his ability to create characters that are both visually appealing and emotionally resonant.

In this interview, Taylor talks about his early influences, his design process, and his thoughts on the future of the toy industry. He also offers some great advice for aspiring toy designers.

## **Mego's World's Greatest Super-Heroes**

Mego's World's Greatest Super-Heroes line was one of the most popular and influential toy lines of the 1970s. The line featured 12-inch action figures of some of the most iconic superheroes of all time, including Superman, Batman, Spider-Man, and the Hulk. The figures were known for their detailed sculpts, their bright colors, and their cloth costumes.

Mego's World's Greatest Super-Heroes line was launched in 1972. The line was an instant success, and it quickly became one of the most popular toy lines in the world. The figures were sold in a variety of different formats, including single packs, two-packs, and playsets. The line also spawned a number of spin-off products, including comic books, trading cards, and video games.

Mego's World's Greatest Super-Heroes line was discontinued in 1983. However, the figures remain popular with collectors today. In recent years, there has been a growing interest in Mego figures, and a number of companies have released new figures and accessories in the Mego style.

In this article, we take a look back at the history of Mego's World's Greatest Super-Heroes line. We talk to some of the people who worked on the line, and we take a look at some of the most popular figures. We also offer some tips for collectors who are looking to add Mego figures to their collection.

## **Reviews**

In this issue, we review the latest action figures from a variety of manufacturers, including Hasbro, Mattel, and McFarlane Toys. We also take a look at some of the latest books and magazines about action figures.

## **Hasbro Marvel Legends Spider-Man 2099 Figure**

The Hasbro Marvel Legends Spider-Man 2099 figure is a great addition to any Spider-Man collection. The figure is highly detailed and articulated, and it comes with a variety of accessories, including a web-shooter, a backpack, and a display stand.

The Spider-Man 2099 figure is based on the character from the comic book series of the same name. The character was created by Peter David and Rick Leonardi, and he first appeared in *The Amazing Spider-Man #365* in 1992. Spider-Man 2099 is a futuristic version of Spider-Man, and he lives in a dystopian future where corporations control the world.

The Hasbro Marvel Legends Spider-Man 2099 figure is a great way to add a unique and stylish Spider-Man to your collection. The figure is well-made and detailed, and it comes with a variety of accessories that make it perfect for display or play.

### **Mattel DC Multiverse Superman Rebirth Figure**

The Mattel DC Multiverse Superman Rebirth figure is a great representation of the character from the DC Rebirth comics. The figure is highly detailed and articulated, and it comes with a variety of accessories, including a cape, a display stand, and a collectible comic book.

The Superman Rebirth figure is based on the character from the DC Rebirth comics. The character was created by Geoff Johns and John Romita Jr., and he first appeared in *DC Universe: Rebirth #1* in 2016. Superman Rebirth is a retelling of the classic Superman story, and it features a more modern and updated version of the character.

The Mattel DC Multiverse Superman Rebirth figure is a great way to add a classic and iconic superhero to your collection. The figure is well-made and detailed, and it comes with a variety of accessories that make it perfect for display or play.

### **McFarlane Toys Spawn Universe She-Spawn Figure**

The McFarlane Toys Spawn Universe She-Spawn figure is a great addition to any Spawn collection. The figure is highly detailed and articulated, and it comes with a variety of accessories, including a sword, a shield, and a display stand.

The She-Spawn figure is based on the character from the Spawn comic book series. The character was created by Todd McFarlane, and she first appeared in Spawn #16 in 1993. She-Spawn is a powerful and deadly warrior, and she is one of the most popular characters in the Spawn universe.

The McFarlane Toys Spawn Universe She-Spawn figure is a great way to add a unique and powerful female character to your collection. The figure is well-made and detailed, and it comes with a variety of accessories that make it perfect for display or play.
