In his groundbreaking book, *Red, White, and Not Black*, former CIA officer Philip Agee reveals the hidden agenda of the CIA and its devastating consequences.

Agee served in the CIA for 12 years, during which time he witnessed firsthand the agency's covert operations to destabilize nations. He saw how the CIA used propaganda, economic sabotage, and even assassination to overthrow governments and install compliant dictators.

Agee's account is a gripping and thought-provoking indictment of the CIA and the national security state. He shows how the CIA's secret wars have

undermined democracy, caused untold suffering, and made the world a more dangerous place.

Red, White, and Not Black is a must-read for anyone who wants to understand the true nature of the CIA and its role in the world.
