## Review

The Breather is a gripping and suspenseful thriller that will keep you on the edge of your seat from beginning to end. Alice Blanchard has created a complex and chilling tale that explores the darkest corners of the human psyche.

Sarah Jones is a compelling and relatable protagonist, and her determination to catch the killer is unwavering. She's a strong and capable detective, but she's also vulnerable and flawed, which makes her even more believable.

The killer is a truly terrifying figure, and his motives are as twisted as they are complex. He's a master manipulator, and he knows how to get inside Sarah's head. As the investigation progresses, Sarah finds herself questioning her own sanity as she tries to understand the killer's motives.

The Breathmaker is a well-written and atmospheric thriller that will stay with you long after you finish reading it. Alice Blanchard is a talented writer, and I highly recommend this book to fans of the genre.
