At the heart of Robertson's novel lies the Titan, a majestic steamship of colossal proportions, mirroring the Titanic's status as the largest and most luxurious vessel of its era. Both ships boasted opulent interiors, spacious decks, and a seemingly invincible design.

A Fateful Voyage

As the Titan embarks on its maiden voyage, tragedy strikes with chilling familiarity. In Robertson's account, the ship encounters an iceberg in the North Atlantic, leading to its catastrophic sinking. The parallels extend to the time of year, the location of the collision, and the sheer magnitude of the disaster.

Unheeded Warnings
